A

Abrol, BM and JS Pasricha: Relief of inhalant allergy by a mechanical nasal filter. 331

Abstracts of paper presented. Thirtieth ACA scientific congress. 279

Acute effects of butylated hydroxyanisole ingestion in asthma and rhinitis of unknown etiology, The. Paul Cloninger and Harold S Novey. 131

Airborne fungal spores, Introduction to the biology of. Darlene Southworth. 1

Allergy abstracts from around the world. 41,107,166,231,257,342.

Allergy and bronchial asthma. Stepping stones in allergy. Chapter I. Leon Unger and M Coleman Harris. 214

Allergy as a biologic process. Theories of allergy brought up to date. David A Dolowitz. 183

Alum precipitated extracts in atopic dermatitis: a placebo-controlled study, Hyposensitization with. Herbert S Kaufman and Harry L Roth. 321

Alupent and isoproterenol, The rapidity of onset of bronchodilation: A comparison of. Bruce J Sobol and Anna Reed. 137

AMA interspecialty council meetings, December 14-15, 1973. (committee report) Lowell Henderson. 98

AMA Interspecialty Council meeting, April 11, 1974. Lowell Henderson. 334

Antigens of dermatophagoides farinae hughes in allergenic extracts of house dust, The occurrence of. Virginia Wolfenberger, R B Boley, C C Hall and L D Zeleznick. 252

Arthus reaction! — Gastrointestinal ulcer. Jacob Siegel. 127

Aspirin intolerance, and nasal polyposis, Familial coincidence of asthma. Constantin J Falliers. 65

Asthma, aspirin intolerance and nasal polyposis, Familial coincidence of. Constantin J Falliers. 65

Asthma in non-aspirin-sensitive patients, Tween 80 exacerbated intrinsic rhinitis and. Elmer W Fisherman and Gerald N Cohen. 307

Atopic dermatitis: a placebo-controlled study, Hyposensitization with alum precipitated extracts in. Herbert S Kaufman and Harry L Roth. 321

Atopic dermatitis and eczema. (editorial) Ralph Hale. 337

Atsmon, A, M Topilsky, Y Levo, S A Spitzer and U Lewinski: Status asthmaticus in pregnancy: a case report. 151

Attempted induction of interferon by bacterial vaccines in allergic and nonallergic humans. Douglas E Johnstone, R Gordon Douglas and Ruth Simon. 70

B

Biting Insect survey: a statistical report. Claude A Frazier. 200

Boley, RB, CC Hall, LD Zelenznick and Virginia Wolfenberger: The occurrence of antigens of dermatophagoides farinae hughes in allergenic extracts of house dust. 252

Bonk, C, Y Gordon and Aman U Khan: Non-allergic asthma and conditioning process. 245

Godfrey, S and P Konig: Exercise-induced bronchial lability in atopic children and their families. 199
Goodman, Daniel H: Bronchiectasis, eosinophilia, asthma, pneumonitis (BEAP syndrome). 289
Gordon, Benjamin L, Gerald W Fisher, Vernon T Oi, James L Kelley, John K Podgore, James W Bass and Franklin S Wagner: Enhancement of host defense mechanisms against gram-positive pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats. 193
Gram-positive pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats, Enhancement of host defense mechanisms against. Gerald W Fisher, Vernon T Oi, James L Kelley, John K Podgore, James W Bass, Franklin S Wagner and Benjamin L Gordon. 193
Green, Martin: Sublingual provocative testing for foods and FD&C dyes. 274

INDEX TO VOLUME 33

H

Halonen, P, E Huhti, Terttu Mokka and J Nikoskelainen: Association of viral and mycoplasma infections with exacerbations of asthma. 145

Halpern, Georges M: Clinical significance of serum IgE determination. 67

Harpey, Jean-Paul: Lupus-like syndromes induced by drugs. (guest lecture) 256

Harris, M Coleman and Leon Unger: Stepping stones in allergy. Chapter III. Immunology, infectious diseases and allergy. The recent years. 50

Harris, M Coleman and Leon Unger: Stepping stones in allergy. Chapter IV. The provocative agents in allergy diseases. Search and detection — the early years. 113

Harris, M Coleman and Leon Unger: Stepping stones in allergy. Chapter IV. The provocative agents in allergy disease. Allergenic extracts. 182

Harris, M Coleman and Leon Unger: Stepping stones in allergy. Chapter V. More about the trouble makers in allergy. 228

Harris, M Coleman and Leon Unger: Stepping stones in allergy. Chapter V. More about trouble makers in allergy (cont.) 299

Harris, M Coleman, and Leon Unger: Stepping stones in allergy. Chapter VI. The many faces of allergy. Part I. 353

Heber, G Frederick: Off the cuff: a pictorial review of the Paris meeting. A-7 (October)

Heck, V Muriel and Louis Tuft: Mites as antigenic excitants of house dust allergy: report of some allergy studies. 325

Hermance, William E, Yu-Chuen Choi and Earl B Brown: Serum immunoglobulin M in chronic urticaria. 331

House dust allergy: report of some allergy studies, Mites as antigenic excitants of. Louis Tuft and V Muriel Heck. 325

Huhti, E, Terttu Mokka, J Nikoskelainen and P Halonen: Association of viral and mycoplasma infections with exacerbations of asthma. 145

Hyposensitization: criticisms and suggestions for improvement. (guest editorial) Oscar Swineford Jr. 167

I

Immunoglobulin M in chronic urticaria, Serum. Earl B Brown, William E Hermance and Yu-Chuen Choi. 331

Infectious asthma: an analysis of its major problems. (guest editorial) Oscar Swineford Jr. 37

In Memoriam: Charles F Leich. (1906-1973). 65

In Memoriam: Warren Francis Kahle (1898-1973). 129

Intrinsic-intolerance rhinitis or asthma, Alpha-beta-adrenergic imbalance in. Elmer W Fisherman and Gerald N Cohen. 86

Ishikawa, Sadamu, Arthur Fornier, Charlotte Borst and Maurice S Segal: The effects of air bubbles and time delay on blood gas analysis. 72

K

Kahle, Warren Francis (in memoriam) 129

Kelley, James L, John K Podgore, James W Bass, Franklin S Wagner, Benjamin L Gordon, Gerald W Fisher and Vernon T Oi; Enhancement of host defense mechanisms against gram-positive pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats. 193

Konig, P and S Godfrey: Asthma — treatment with the aerosol steroid beclomethasone dipropionate. 150

Konig, P and S Godfrey: Exercise-induced bronchial lability in atopic children and their families. 199

L

Leich, Charles F (in memoriam). 65

Leukocyte increase as an index to food sensitivity, Cytotoxic testing and. George A Ulett and Stephen G Perry. 23

Levo-tetramisole (levamisole) in neonatal rats, Enhancement of host defense mechanisms against gram-positive pyogenic coccal infections with. Gerald W Fisher, Vernon T Oi, James L Kelley, John K Podgore, James W Bass, Franklin S Wagner and Benjamin L Gordon II. 193

Lockey, Stephen D Sr: Mushroom workers' pneumonitis. 282

Luippold, Eugene J: 25,000,000 annual visitors to Florida — vacation or ordeal? 206

Lupus-like syndromes induced by drugs. (guest lecture) Jean-Paul Harpey. 256

INDEX TO VOLUME 33

M

Marks, Meyer B: Musical wind instruments in rehabilitation of asthmatic children. (the 1974 Bela Schick memorial lecture) 313

Matzen, Kathleen and R Michael Sly: Effect of diethylcarbamazine pamoate upon exercise-induced obstruction in asthmatic children. 138

Mites as antigenic excitants of house dust allergy: report of some allergy studies. Louis Tuft and V Murial Heck. 325

Mokka, Terttu, J Nikoskelainen, P Halonen and E Huhti: Association of viral and mycoplasma infections with exacerbations of asthma. 145

Morgan, Wm Keith C: Extrinsic allergic alveolitis. 155

Mushroom workers' pneumonitis. Stephen D Lockey Sr. 282

Musical wind instruments in rehabilitation of asthmatic children. Meyer B Marks (the 1974 Bela Schick memorial lecture) 313

Mycoplasma infections with exacerbations of asthma, Association of viral and. E Huhti, Terttu Mokka, J Nikoskelainen and P Halonen. 145

N

Negroni, R, H Severino and JE Bacigaluppi: Re-evaluation of bacterial hypersensitivity. 16

Nikoskelainen, J, P Halonen, E Huhti and Terittu Mokka: Association of viral and mycoplasma infections with exacerbations of asthma. 145

Nizami, Riaz M and M Toyer Baboo: Office management of patients with urticaria: an analysis of 215 patients. 78

Nuclear immunofluorescent staining patterns. Richard J Ablin and Thomas K Burnham. 102

O

Office management of patients with urticaria: an analysis of 215 patients. Riaz M Nizami and M Toyer Baboo. 78

Off the cuff: a pictorial review of the Paris meeting. G Frederick Heber. A-7 (October)

Oi, Vernon T, James L Kelley, John K Podgore, James W Bass, Franklin S Wagner, Benjamin L Gordon II and Gerald W Fisher: Enhancement of host defense mechanisms against gram-positive pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats. 193

P

Perry, Stephen G and George A Ulett: Cytotoxic testing and leukocyte increase as an index to food sensitivity. 23

Pneumonitis (BEAP syndrome), bronchiectasis, eosinophilia, asthma. Daniel H Goodman. 289

Pneumonitis, Mushroom workers'. Stephen D Lockey Sr. 282

Podgore, John K, James W Bass, Franklin S Wagner, Benjamin L Gordon, Gerald W Fisher, Vernon T Oi and James L Kelley: Enhancement of host defense mechanisms against gram-positive pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats. 193

President's letter. Bernard A. Berman. A-65 (October)

Pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats, Enhancement of host defense mechanisms against gram-positive. Gerald W Fisher, Vernon T Oi, James L Kelley, John K Podgore, James W Bass, Franklin S Wagner and Benjamin L Gordon. 193

R

Radioallergosorbent test (RAST): diagnostic and clinical significance, The. (guest lecture) Kjell Aas. 251

Re-evaluation of bacterial hypersensitivity. JE Bacigaluppi, R Negroni and H Severino. 16

Rehabilitation of asthmatic children, Musical instruments in. Meyer B Marks. (the 1974 Bela Schick memorial lecture) 313

Ruiz, Delia C and Jorge R Vaccarezza: The urinary metabolite of the catecholamines in asthma; its relation to the administration of corticosuprarenal hormones. 11

INDEX TO VOLUME 33

S

Schick memorial lecture, The 1974 Bela. Musical instruments in rehabilitation of asthmatic children. Meyer B Marks. 313

Segal, Maurice S, Sadamu Ishikawa, Arthur Fornier and Charlotte Borst: The effects of air bubbles and time delay on blood gas analysis. 72

Serum IgE determination, Clinical significance of. Georges M Halpern. 67

Serum immunoglobulin M in chronic urticaria. Earl B Brown, William E Hermance and Yu-Chuen Choi. 331

Severino, H, JE Bacigaluppi and R Negroni: Re-evaluation of bacterial hypersensitivity. 16

Sly, R Michael and Kathleen Matzen: Effect of diethylcarbamazine pamoate upon exercise-induced obstruction in asthmatic children. 138

Some observations on the RAST test. (guest editorial) AW Frankland. 105

Sorenson, William G, Glenn S Bulmer and Leo H. Criep: Airborne fungi from five sites in the continental United States and Puerto Rico.131

Status of bacterial vaccines and antigens — a review of the problem, The. Sidney Friedlaender. 33

Stepping stones in allergy. Chapter III. Immunology, infectious diseases and allergy. The recent years. Leon Unger and M Coleman Harris. 50

Stepping stones in allergy. Chapter IV. The provocative agents in allergy diseases. Search and detection — the early years. Leon Unger and M Coleman Harris. 113

Stepping stones in allergy. Chapter IV. The provocative agents in allergy disease. Allergenic extracts. Leon Unger and M Coleman Harris. 182

Stepping stones in allergy. Chapter V. More about the trouble makers in allergy. Leon Unger and M Coleman Harris. 228

Stepping stones in allergy. Chapter V. More about trouble makers in allergy (cont.) Leon Unger and M Coleman Harris. 299

Stepping stones in allergy. Chapter VI. The many faces of allergy. Part I. Leon Unger and M Coleman Harris. 353

Sublingual provocative testing for foods and FD&C dyes. Martin Green. 274

Suspected aminophylline causes of asthma: three case reports. (case report) Aaron E Fishman. 161

Swineford, Oscar Jr: Allergy versus clinical immunology: a critical analysis. Part I. 262

Swineford, Oscar Jr: Allergy versus clinical immunology: a critical analysis. Part II. 337

Swineford, Oscar Jr: Hyposensitization: criticisms and suggestions for improvement. (guest editorial) 167

Swineford, Oscar Jr: Infectious asthma. An analysis of its major problems. (guest editorial) 37

T

Tuft, Louis, and V. Muriel Heck: Mites as antigenic excitants of house dust allergy: report of some allergy studies. 325

25,000,000 annual visitors to Florida — vacation or ordeal? Eugene J Luippold. 206

U

Ulett, George A and Stephen G Perry: Cytotoxic testing and leukocyte increase as an index to food sensitivity. 23

Unger, Leon and M Coleman Harris: Stepping stones in allergy. Chapter III. Immunology infectious diseases and allergy. The recent years. 50

Unger, Leon and M Coleman Harris: Stepping stones in allergy. Chapter IV. The provocative agents in allergy diseases. Search and detection — the early years. 113

Unger, Leon and M Coleman Harris: Stepping stones in allergy. Chapter IV. The provocative agents in allergy disease. Allergenic extracts. 182

Unger, Leon and M Coleman Harris: Stepping stones in allergy. Chapter V. More about the trouble makers in allergy. 228

Unger, Leon and M Coleman Harris: Stepping stones in allergy. Chapter V. More about trouble makers in allergy (cont.) 299

Unger, Leon, and M Coleman Harris: Stepping stones in allergy. Chapter VI. The many faces of allergy. Part I. 353

Urinary metabolite of the catecholamines in asthma; its relation to the administration of corticosuprarenal hormones, The. Jorge R Vaccarezza and Delia C Ruiz. 11

INDEX TO VOLUME 33

Urticaria, Office management of patients with: an analysis of 215 patients. Riaz M Nizami and M Toyer Baboo. 78
Urticaria, Serum immunoglobulin M in chronic. Earl B Brown, William E Hermance and Yu-Chuen Choi. 331

V

Vaccarezza, Jorge R and Delia C Ruiz: The urinary metabolite of the catecholamines in asthma; its relation to the administration of corticosuprarenal hormones. 11
Viral and mycoplasma infections with exacerbations of asthma, Association of. E Huhti, Terttu Mokka, J Nikoskelainen and P Halonen. 145

W

Wagner, Franklin S, Benjamin L Gordon II, Gerald W Fisher, Vernon T Oi, James L Kelley, John K Podgore and James W Bass: Enhancement of host defense mechanisms against gram-positive pyogenic coccal infections with levo-tetramisole (levamisole) in neonatal rats. 193

"The amount of writings of a profession is a measure of its vitality and activity, whilst their quality is a rough indication of its intellectual state. Medical literature . . . is the currency or medium of exchange by which a man contributes to or borrows from the common stock of knowledge and experience, and the volume of this currency and the character of its metal are of the greatest importance to us all."

Sir Robert Hutchison
Lancet 2: 1059, 1939
